1. [REDACTED] reports that he thinks we have a good chance of getting a Fordor Buick (Super) for the Director's second car; it is on the west coast and has been driven 6,870 miles. We have been offered a 1956 Dodge (Lanser) which has only 11,000 miles on it, but it is a Tudor model. I told J.R. to keep working on the Buick but that if he had to accept the Tudor rather than lose it to go ahead and take it and we could dispose of it in some way.
